

ABOUT ASSEMBLY PARK

Vaughan's New Creative District

Formerly known as Vaughan Interchange, Assembly Park is transforming the commercial expanse of big-box stores and vast parking lots to a vibrant mixed-use community. Located at Hwy 400 and Hwy 7, the community is effortlessly connected to the most compelling destinations in the GTA via Vaughan's newest TTC subway stop and the Viva Rapid Transit system. Assembly Park will feature a variety of modern housing options, and an extensive network of lush parkland and communal public spaces. This is a singular community in the region, poised to become a pedestrian-first hub of cultural activity, rich in diverse entertainment, shopping and dining options. It all comes together at Assembly Park.
